TUESDAY OCTOBER 9, 1900

FOR BRYAN AND NEWLANDS.

The following letters, from Thomas Ewing to Hon. W. E. Sharon, are self explanatory:

"PYRAMID, Arizona, Sept. 23, 1900.
"W. E. Sharon, Virginia, Nev.—DEAR SIR: I received an appeal from your friend, George T. Mills, to aid them in the cause of prosperity and Republicanism. I enclose you a copy of my reply. I will do the best I can for you, but our chance for much is small, so scattered. Yours, etc.,
"THOMAS EWING"

"SEARCHLIGHT, Nev., Sept. 28, 1900
"Geo. T. Mills, Chairman, Carson City, N. V.—DEAR SIR: Yours of the 12th instant just received. Whoever gave you my name as a Republican was correct—a Republican with the memory of Lincoln, Grant, Chase and Blair, but not a Republican under Aunt Hanne, McKinley and the political mountebank, Roosevelt; not with the present band of robbers. Good times! Yes, for that band of thieves and a few paid followers and hirelings. Not a mill would be running anywhere today if election was over. We are as poor as hell waiting for Republican 'good times.'
"That cry of 'Nevada for Nevada' is stale; look at that old friend of mine Stewart, a thing of pity now. I am for Bryan, a cynical Democrat. I am for Newlands, a loyal and staunch man, whom I know not to be a hireling of the Southern Pacific, and every vote I ought for them I will secure, with a prayer for their success. We will take care of ourselves without the aid of your Republican Aunt Hanne associates.
I am not in need of any of your literature, as I am and have been distributing a large amount of Bryan literature where it will do the most good. Respectfully,
"THOMAS EWING."

Mr. Ewing, the author of the foregoing correspondence, belongs to the famous Ewing family of Ohio, one of his ancestors, Thomas Ewing, having represented the Buckeye state in the United States Senate of which he was one of the most prominent members until 1851. He served as Secretary of the Treasury under President Harrison in 1844 and was a member of President Taylor's cabinet, occupying the position of Secretary of the Interior. The author of the above letters is well known and has heretofore been a prominent Republican. He is now owner of a group of gold producing mines in Searchlight district, Lincoln county, and stands to recoup a million or more lost in speculating in Seattle real estate about a decade ago.—Virginia Chronicle.

Colonel Ewing was at one time a resident of Humboldt county, and if our memory serves us correctly, was a partner of John C. Hall at Unionville. He will be remembered by old timers as a prominent Republican and a man of strong and earnest conviction. A man of that character has the courage of his convictions, and that class of men are the ones to turn from a party which abandons its principles and attempts to force its followers from the wise and beneficent policy of Lincoln to the imperialistic, gold standard and trust fostering course of Hannon and McKinley.

AT THE MEETING OF THE CLUBS.

The people of Indiana at the convention of Democratic clubs gave an enthusiastic and solid expression of opinion by their presence in large numbers and their manner during the convention. It is reported that the feeling equaled the enthusiasm at Kansas City when Bryan was nominated.

It is not always that the feeling entertained by large bodies of people can be measured by noise, but there was present in the manner of the multitudes that were in attendance all that could be expected in enthusiasm. There was no indication of any lack of confidence in the final result of the election as the feeling manifested was an assurance of success, which is more often made known by the manner of those expressing themselves than by the noise they make.

The noise was made up of the most pronounced type of campaign yelling, which means business by Democrats till the election has passed into history. The interest the people are

taking in the campaign continues to increase as time passes and a better understanding of the issues is received through a discussion of the questions that arise upon them.

HAPPENINGS IN NEVADA

News of All the Counties in the State Clipped From Exchanges.

The people of Carson are agitating a plan for municipal ownership of waterworks.

A shipment of four tons of honey from a Lyon county apiary brought 9½ cents a pound.

Donald Smith of Spokane, Wash., has been appointed blacksmith at the Carson Indian School at \$600 per annum.

One hundred and seventy pupils are now registered at the Carson Indian school; the largest in the history of the school.

The robbers who held up the Winnemucca bank have not yet been apprehended and their capture is exceedingly doubtful.

Carson Valley farmers have purchased Red Lake, which is situated in Hope Valley. It is to be used as a reservoir site.

Mrs. J. F. George, President of the Rebekah assembly of Nevada, will visit a number of points in the eastern part of the State soon.

In a wreck which occurred in tunnel No. 12, near Danville, Cal., F. C. Kelson, brother-in-law of W. O. Steel of Wells, was badly injured.

Joe White, who escaped from jail at Austin several weeks ago, has been captured at Delano, Lincoln county, and he will be taken back to Austin for trial.

The Little Bees Were in Clover.

Last night the little folk held the center of the stage in the lodge room of the Ladies of the Macabees. It was their evening, and the older people merely assisted in the entertainment without becoming conspicuous. There were games and a literary and musical program, after which came the loveliest refreshments, of which the JOURNAL force participated and for which they are grateful.

A four-horse load of lumber got into difficulties Sunday at the bridge this side of Verdi. A light engine eastward bound, struck the rear end of the wagon and sent everything flying. The horses ran away and the driver took a flying leap, but landed safely.

Verdi Will Have Street Cars.

This city has been planning a street car system for years and years, but little Verdi will claim the honor of the "no pusher, no puller, but runner like hellies" before we get our plans materialized.
The Verdi Lumber Company has decided upon putting in a system this fall. It will extend from the Lorkey residence at the east end to the box factory and will be used for both passenger and factory products. The trackless system patented by Willis G. Coffey is the one that will probably be used.

An 800 light incandescent plant has been constructed for it. It will be installed by Christmas. Power will be supplied by the Floriston company. The three-wire Edison system will be used.

A man and his wife boarded No. 4 at Sacramento yesterday, and some time before the train reached Reno the family was increased. They continued eastward.

CHANGE OF MANAGERS

The Coming of Mr. Dunaway Means Much for Reno.

The people of Reno and, indeed, of a strip of country two hundred miles in width and extending from the Truckee river to central Oregon, have good reason to rejoice over the action that has been taken by Moran Bros., owners of the Nevada-California-Oregon railroad.

This firm has retired the incubus upon the road and the territory it traverses, and has placed in its position a railroad man and a gentleman, T. F. Dunaway of Denver.

We take off our hats to Mr. Dunaway and bid him welcome. It is in his power to divert all the trade to this city from a vast and productive region. He can aid both city and railroad, and we believe he will.

Mr. Dunaway is a modern railroad man with advanced and liberal ideas. He comes from the general superintendency of the Colorado and Southern railroad and vice-presidency of the Fort Worth and Denver Railroad Company.

He will not assume the responsibilities of his office of general manager of this road until the 16th, on which day a meeting of the board of directors will be held.

A JOURNAL reporter had a brief interview with the new general manager at the Riverside last night. Mr. Dunaway said:

"It would be out of place for me to make my plans public before Mr. Gest's term expires, but I will say that I will endeavor to keep in touch with shippers and the public generally. The road cannot afford to lose any business, but will endeavor to gain all it can. We will aim to provide ample accommodations for freight and passenger traffic. We will reach out for trade into the forest regions of Plumas and will meet the management of the S. V. R. R. half way."

PERSONAL MENTION.

Gossip About the Migrating Public as They Come and Go.

Nate Roff returned to Carson yesterday.

Jerry Correcco is back from a northern trip.

Dolph Shane is back from his California trip.

Walter Hastings was down from Verdi yesterday.

Mr. and Mrs. Frank Norcross spent Sunday in Verdi.

George W. Oooley, the smelter man, is expected to arrive from the east today.

Sheriff McInnis went up to Verdi to see the boys the other day and met with a hearty reception.

W. H. Jackson went to Truckee yesterday for a carload of lumber with which to construct an ore house and other buildings at his Olinghouse mine.

Assayer Fielding of the O. & C. was among the Mystic Shriners who set sail Sunday night from San Francisco for Honolulu on their annual pilgrimage.

Charles Mapes has returned from a two months' vacation, and has resumed his position in the Washoe county bank, which was filled by C. H. Stoddard during his absence.

La Temblor Visits Reno.

At 6:37 last evening Reno was visited by an earthquake shock, not very violent, but still sufficient to pale the cheeks of timid people and rattle dishes on the pantry shelves.

Professor Caffrey reports that the barometer fell five-twentieths just before the shock and that the thermometer stood some degrees higher than it had a few minutes previous.

Manager Lake of the Sunset company telephoned to various towns to the westward to discover the extent of the disturbance. He found that the shock was felt as far as Truckee, Lyon and Quincy.

Fulton Kidnapped.

R. L. Fulton stepped on an east bound train Sunday to converse with some passengers with whom he was acquainted. The train began to move, but as he saw the porter standing across the street he thought the train was merely shifting.

It happened that the porter was left behind and Mr. Fulton was carried through to Wadsworth.

UNIVERSITY EXTENSION

A Class in Mining Successfully Organized on the Comstock.

A class of nearly sixty has been formed on the Comstock in University extension work, under the auspices of the U. of N.

The class has been divided into two sections, one meeting at 10 o'clock in the morning and the other at 7 in the evening, thus accommodating the shifts of miners.

Last Saturday evening the class was organized, at which time Professors Wilson and Blessing opened the lecture course. Professor Wilson spoke on "The First Principles of Chemistry" and Professor Blessing on "Freehand Drawing."

Work on these two subjects will be continued for three months, after which other subjects will be added to the curriculum.

It is the purpose to place a resident instructor upon the ground, who will take charge of the work under the direction of the University faculty and whose work will be supplemented by lectures by members of the faculty.

The class has secured the old Washoe club rooms, which are admirably adapted for the purpose, and which will afford facilities for a study room, a lecture room and a small laboratory. From the interest shown at the first meeting, the course will doubtless prove exceedingly profitable.

LITTLE LOCAL BREVITIES

Items of Street and Town too Brief for Separate Heads.

George E. Stanton left for San Francisco last night to take a course in civil engineering.

A hundred-foot tunnel will be run on the Olander ledge by the Nevada Exploration and Development Co.

Professor Erlstone of this city made a successful balloon ascension and parachute jump at Virginia yesterday.

Increase in work caused the S. P. Co. to put on another swing train. It leaves Truckee in the morning and returns in the evening.

The play that the University students intended putting before the public on the 19th instant has been postponed until the 26th.

J. B. Rodoliff is in from his Plumas county mine, and will leave this morning for San Francisco to be gone a few days. He says the shaft is down 160 feet but water has got the best of them. While in the city he will get a new pump. He reports the mine as looking fine and is greatly pleased with his prospects.

Mining Boom in White Pine.

Sol Hilp has returned from a trip to the eastern part of the State. He reports great activity in mining in the Ely county. The final negotiations over the sale of the Chairman are about completed. The Robust mine, one of the properties of the Ely Mining & Milling Company, is showing up handsomely.

Popular Lecture.

There will be a lecture in the Methodist church Thursday evening, Oct. 11th, at 7:30, by J. Anthony Mitchell on the popular subject, "Courtship and Marriage," illustrated by word pictures. Admission, including lecture and refreshments, 25 cents. 604t

OLINGHOUSE BONANZA

The Jumper Mine Is Turning out Magnificent Specimen Rock.

W. H. Jackson, one of the owners of the Jumper mine in Olinghouse gulch, peat yesterday in Reno. The shaft on his ledge is down 70 feet. He is now drifting on splendid ore, twenty tons of which milled \$1,086.90. The ore now being taken out runs into the hundreds. There are two ledges in the property, one of which is a big low grade proposition, and the other runs from an inch to eight inches, all of which carries wire and leaf gold. From one to five sacks of specimen rock are taken out daily by two men, in addition to low grade ore. Mr. Jackson's partners are John Day and George Abbar. With the possible exception of W. C. Williams' bonanza, this is undoubtedly the richest mine in White Horse district. Mr. Jackson has full control of the mine until the middle of next June, having leased his partners' interests.
